

Grace T.[®] GIOIELLI

Misura il tuo anello

Grace T. ti mette a disposizione questa tabella per rilevare la **misura dell'anello** che vorrai acquistare online.

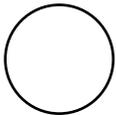

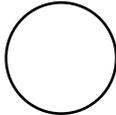

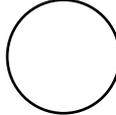

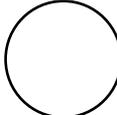

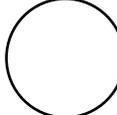

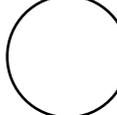

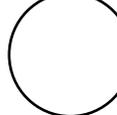

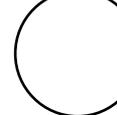

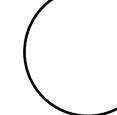

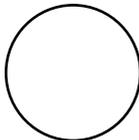

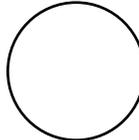

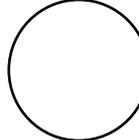

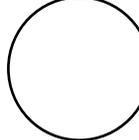

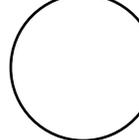

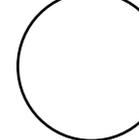

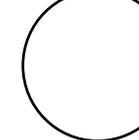

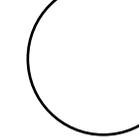

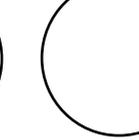

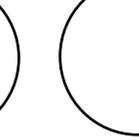

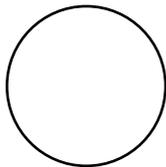

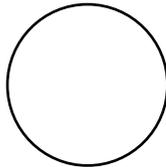

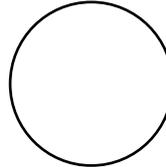

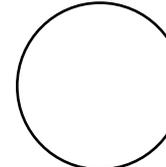

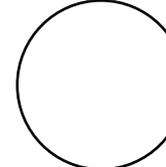

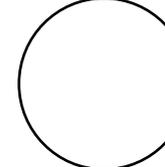

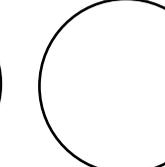

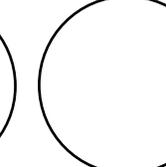

Prima di effettuare l'ordine si prega di controllare che la misura indicata nel dettaglio dell'anello sia quella giusta: nel caso in cui non la ricordi o sia impossibile conoscerla recandoti presso una **gioielleria Gold Gallery**, potrai stabilirla consultando lo schema qui sotto.

Le misure si riferiscono alla **scala delle misure Standard Italiane**.

Per rilevare la misura del tuo dito potrai servirti di un anello già in tuo possesso (possibilmente tipo fede) e appoggiarlo sui cerchi.

La misura corretta la otterrai quando l'intero cerchio sarà perfettamente visibile e adiacente alla parte interna del tuo anello.

Attenzione: In caso di dubbio tra due misure, ti consigliamo di utilizzare la misura più grande.
